

[MICCAI 2020] Deadline for SUPPLEMENTARY MATERIAL extended to Friday March 20

Dear authors:

Please note that sadly we cannot add another extension to the MICCAI 2020 deadline which will be at **March 17, 2020, 23:59 PST**. We responded quickly to the COVID-19 outbreak back in January, by extending the deadline by 2 weeks, but as we are sure you can appreciate, this has removed any slack in our reviewing timetable. We do understand the significant challenges that you are all facing, but the situation will likely get worse and not better for many of us over the coming weeks or months. We are also very aware that our reviewers and area chairs will be coping with difficult situations too. Furthermore, delays to the main MICCAI review process would push back the submission dates for the satellite events and put further pressure on reviewers and organisers of those events. It will, however, be possible to submit supplementary material until **Friday March 20 2020, 23:59 PDT**.

The MICCAI 2020 committee are committed to delivering a high-quality meeting despite these extraordinary circumstances. We really appreciate your support and understanding as we work together as a community to make this possible.

Best wishes,

MICCAI 2020 Organization Committee
